You have three choices of attaching your card to your email for more details click on the help button.

You can download your card details in vCard format and attach all your public details as a virtual business card.

Or you can download a Internet link directly to your card in the ecardfile.com system. This takes the form of a HTML file that you can use as your email signature.

If your email package does not support HTML signatures, you can cut and paste the text below into your email messages.
